Md. Yamin Hossain

Bheramara, Kushtia District, Khulna, Bangladesh - 7040

needyamin@gmail.com | +(880)-1878578504 | https://needyamin.github.io

Career objective:

Intend to build a career with a leading organization, which will help me to explore myself fully and realize my potential.

Professional Skills:

Back-end Development:

- ★ PHP
- ★ Python
- ★ SQL

Front-end development:

- ★ *HTML*
- ★ *CSS*
- ★ *JavaScript*
- ★ *jQuery*

Framework Knowledge:

- ★ *Django*
- ★ *Flask*
- ★ *WordPress*
- ★ *Bootstrap*

Data Analytics:

- ★ *Worksheet*
- ★ *Excel Sheet*
- ★ *BigQuery*
- ★ *SQL Query*

Software Development Fundamentals: I know the core of principle programming languages and it helps me to create dynamic web applications.

Relevant Skill Knowledge:

Computer Language:

- ◆ C+, Java, Kotlin, R

Software Framework:

- ◆ Genesis, WooCommerce, Tkinter, GTK

Experience In:

- ◆ Cloud Computing, CyberSecurity
- ◆ Virtual Private Server Installation and Maintenance
- ◆ cPanel, WHM, VestaCp, Webadmin Maintenance
- ◆ SSL Certificate Installation, Maintenance
- ◆ TLS/SSL Domain Maintenance
- ◆ DNS Spoofing, Hijacking Prevention

Very comfortable with git and the command line interface. Also basic knowledge in the graphic design sector.

Ethical Hacking From Scratch, Udemy certification
> Major learning: In this course I've learn Ethical hacking that can *hack computer systems* like *black hat hackers* and secure them like *security experts*.

> Certificate id: UC-7413dcc1-3727-4103-84ed-5c56e2df932b
> Credential URL: www.ude.my/UC-7413dcc1-3727-4103-84ed-5c56e2df932b
> Issue Date: April 7, 2021
> Linkedin Profile: https://www.linkedin.com/in/needyamin/

Programming Career:

PHP:
> I have developed a full fledged website using PHP and Javascript from scratch for a client.
> I had a basic understanding of SQL but for this project, I needed to learn it and I have accomplished that by self studying using textbooks and online studying.
> Link: https://github.com/needyamin/chatbot-php-mysqli

Javascript:
> I have developed a full fledged website using PHP and Javascript from scratch for a client. I had a basic understanding of Javascript for this project, I needed to learn it and I have accomplished that by self studying using textbooks and online studying.
> Link: https://github.com/needyamin/javascript-tools-calculator

Python:
> I have developed a full fledged website using Python and Javascript from scratch.
> I had a basic understanding of Python but for this project, I needed to learn it and I have accomplished that by self studying using textbooks and online studying.
> Link: https://github.com/needyamin/blood-donation-system

SQL:
> SQL is the standard language for Relational Database System, and this language helps me a lot for making different kinds of projects with different languages like php, python, java and c++. I have accomplished that by self studying using textbooks and online studying.
> Link: https://github.com/needyamin/chatbot-php-mysqli

Job Exprience:

Upwork:

   I've joined upwork for the very first time when I'm preparing for my final higher secondary certificate exam. At first I worked part-time jobs on Upwork marketplace and after my final exams I started working full time projects. During this period, I learned a lot of things and it helps to understand good software development fundamentals.

Upwork Profile: https://www.upwork.com/freelancers/~016efff0c0c972dec8

Fiverr:

   In december 2019, I joined fiverr. Fiverr is great for leveraging skills. Alternatively, it's also a perfect place to practice and perfect a new skill.

Fiverr Profile: https://www.fiverr.com/needyamingmail

AnsNew Tech. : Ghope, Noapara Road, Jessore Sadar - 7400 | +8801878578504

   AnsNew is a blogging system question-and-answer website where questions are asked, answered, followed by Internet users. Also, latest tech updates, honest reviews, unfolding, education news, exploring new tech feeds for everybody.

Website: https://www.ansnew.com/

Computer skills:

Operating Systems:

   ★ Very comfortable using command line interfaces (CLI)

   ★ Linux Kernel (Mint, Kali, Backtrack)

   ★ Windows Environments.

Computer Application:

   ★ MS Office (Microsoft Word, Microsoft Excel, Powerpoint)

   ★ Post-Production Application (Filmora 9, Adobe Photoshop, Photopea)

   ★ Integrated Development Environment (Visual Studio, Brackets, Android Studio)

Hobbies:

★ *Listening To Music:*

Music is the language of the spirit. It opens the secret of life bringing peace, abolishing strife.

★ *Coding:*

Sometimes it's better to leave something alone, to pause, and that's very true of programming. Quotes by Joyce Wheeler. I believe in coding because of new challenges.

★ *Play Guitars:*

I like to be quiet and play guitar and just chill. When I have downtime, music is a big part of my life. Not so much singing, but I play the guitar.

★ *Modern Dance:*

No valid plans for the future can be made by those who have no capacity for living now. Dancing is just discovery, discovery, discovery - what it all means, the way the little bone near the ankle relates itself to the floor for a perfect stance, a perfect plie.
