Hello, I'm Md. Yamin Hossain. I love working with computers and websites.

I have a Bachelor degree in Business Administration (BBA) from the National University of Bangladesh,

And I recently this month I've completed Masters degree in Applied Statistics and Data Science from Jahangirnagar University.

During my academic journey, I gained expertise in web programming, data analysis.

I have done some professional courses in computer programming, data analysis, and automation.

I have been working as a full-stack web developer on Upwork on a part-time basis since 2018.

Additionally, I hold a full-time position as the Lead Web Developer at Bright Technologies Limited, located in Dhanmondi 27, Dhaka

I am proficient in Python, PHP, SQL, R, and JavaScript..
I am good at solving problems and I really want to do well in data science and web development field.

I'm excited about SEBPO because they're doing cool stuff with technology, and I'd love to be part of it.
